Dear Parents/Caregivers

Our fortnight of assemblies started with Room 17 performing the book ‘Stellaluna’. Students did a great job dramatising a retelling of the story about a confused little bat. This was the first time our students had used the new wireless microphones and even with a few technical difficulties the class did a great job. Well done Mrs Goodall and Room 17 students.

Yesterday the assembly was overtaken by an army of lego characters - who showcased their learning over the term based around the use of lego. Students demonstrated their writing, performing, artistic and dancing skills. Everything was definitely awesome with Miss Vince’s year 3’s.

Over Term 3 we have had a major focus on positive behaviour throughout the school. Students were given bonus faction points for good work and positive behaviour - with red faction receiving 3316 points, 2570 for blue and 8625 for green. The massive scores reflect the positive behaviour of all our students throughout the term and everyone is to be congratulated. We also recognised one junior student and one senior student with a raffle prize. Congratulations to Ali and Akshath for being our major prize winners.

Students from year 3 - 6 had a special visit from 3 Perth Lynx players on Wednesday who spoke to the students about persistence, goal setting and working hard. The players then presented certificates of effort to members of our running club who have been working hard all term on their fitness. Thanks Mrs Farmer for running our students into better fitness and health.

Interschool Athletics Carnival

The first day of Interschool Athletics Carnival on Wednesday 9th September with events consisting of long distance running, long jump and throwing. We competed against 6 other schools with some great competition. On Friday 11th September the main carnival was split into two sections with Juniors (PP-Y2) in the morning and seniors (Y3-Y6) in the afternoon.

This was an amazing day with all the students behaving beautifully and everyone competed to the best of their abilities and finished 5th overall.

Congratulations to the following students:

Girls Junior Championship - Hannah Room 17 - 3rd place
Girls Intermediate Champion B - Rujina Room 11 - 4th place
Girls Senior Champion B - Jean-Ella Room 6 - 4th place
Boys Senior Champion B - Yanick Room 1 - 4th place

**COMMUNITY GARDEN NEWS**

Cabbage White Moth is a pest in the vegetable garden. Because we only use organic methods in the Mirrabooka Community Garden, we will deter these insects by putting white plastic butterflies on sticks throughout the garden beds. Since the moth is territorial, and thinks there are other moths in the area, it will go away and try to find another place to lay its eggs. Our butterflies will be cut out of plastic ice cream lids with scissors and so we are requesting any clean white lids to be sent to the Science Room.

**Congratulations to all of you for your wonderful efforts this term!**

It is with pleasure that I announce the two winners of ‘Our Shining Stars’. This award identifies two students who stood out from this group and received medals at assembly. The winners were:

- Citizenship: Maddy Room 5
- Academic: Alex Room 3

Major prize winners Akshath, who took home a new scooter and Ali who took home a new bike. Well done boys on your positive behaviour throughout the term.
ROOM 11 ASSEMBLY
Mums Raising Boys – up to the age of 12 years – Wednesday 14 October at 22 Southport Street, West Leederville 6.30-9. $25.00.

However well-prepared mothers are logically, the emotional response to having a boy is often still, ‘Wow! This is unknown territory.’ It is true that for many mothers, the idea of raising a son carries its own set of worries. As the primary female role model in a boy’s life, mothers play an important role in the development of their son’s identity including their ability to be nurturing. This in turn affects how they relate to others, particularly to girls and women.

Building Stronger Families - a course for the whole family. Thursday 22 October x 6 weeks. $80 per person/$120 per family.

This six-week course is designed specifically for families with children over the age of 10. Inclusion is the key, and any adult involved in the parenting process is invited to come along and learn the skills needed to keep your family healthy. Parents, learn how to be leaders and role models in your family. Children learn how to be special and also how to belong. This course is based on the work of George Doub and Florence Creighton, authors of Survival Skills for Healthy Families.
